Only those products bearing the UL Recognized Component Mark should be considered as  
being covered by UL's Recognition and Follow-Up Service.

The UL Recognized Component Mark generally consists of the manufacturer's identification  
and catalog number, model number or other product designation as specified "Marking" for  
the particular Recognition as published in the appropriate UL Directory. As a supplementary  
means of identifying products that have been produced under UL's Component Recognition  
Program, UL's Recognized and Component Mark: , may be used in conjunction with the  
required Recognized Marks. The Recognized Component Mark is required when specified in  
the UL Directory preceding the recognitions or under "Markings" for the individual  
recognitions.

**Look for the UL Recognized Component Mark on the product**
