Only those products bearing the UL Recognized Component Mark should be considered as
being covered by UL's Recognition and Follow-Up Service.

The UL Recognized Component Mark generally consists of the manufacturer's identification
and catalog number, model number or other product designation as specified "Marking" for
the particular Recognition as published in the appropriate UL Directory. As a supplementary
means of identifying products that have been produced under UL's Component Recognition
Program, UL's Recognized and Component Mark: , may be used in conjunction with the
required Recognized Marks. The Recognized Component Mark is required when specified in
the UL Directory preceding the recognitions or under "Markings" for the individual
recognitions.
